20 May 2022

Day 20

Today, Friday 20 May, we begin our day, as we do every day of the Chapter, placing our work in God's hands, so that all our labours may bear the fruit we desire for our subsistence and that of others.

During the morning, apart from the administrative issues of the session, approval of minutes and internal organisation, we experienced two sessions of fraternal dialogue and expectation of the will of the Assembly in plenary.

In these sessions we shared by Regions our dreams for Brothers who could assume, together with the Superior General and the Vicar, the leadership and animation of the whole Institute of the Brothers of the Christian Schools.

The horizon has been set by the General Chapter, and so this morning we have pronounced ourselves in favour of those who will take on the vital responsibility of continuing to bring the projects to life.

It was a morning full of hope and illusion, with each name that was added to the list of Councillors, the puzzle was being completed; once the list of 5 councillors was completed, we could glimpse with pleasure the excellent working team that for the next 7 years will lead the Institute in its quest for continuous improvement.

A very moving moment was the moment of thanks to all the services of the Generalate, whose silent and constant work has made it possible for the Capitulants to reach a successful conclusion.

To close the morning's work with a flourish, we were informed of the renovation project of our beloved Parmenia, which will continue to be a meeting place for all Lasallians who wish to follow in the footsteps of John Baptist de La Salle at crucial moments in his history.

The afternoon passed quietly, and we felt in a haven of calm as we saw the work that we had set ourselves for these days come to an end, guided in a close and timely way by the central commission, who, in time and out of time, had set the pace of work.

For today we can only thank God for having accompanied us in all the work we have done and we raise our prayers in the Eucharist so that our efforts may continue to bear the fruit expected by the poor.
